His Excellency the High Commissioner
Through
Asst.Dist.Commissioner, Tulkarm

The Committee for the League of Syria and Lebanon desires to express to His Excellency, in his capacity as Representative of His Britannic Majesty in this Country, that the attack by the French Government on Syria and the Lebanon by the shelling of Damascus, the capital of the Ommayyids, of the towns and villages of Syria, of houses filled with inhabitants, of public places packed with people, of the Syrian Parliament, the seat of the representatives of the people of Syria, and of Mosques, and the killing of a number of old and young, women and children, with the object of snatching away the independence of Syria and Lebanon acknowledged by, France and guaranteed by the Great Powers, Britain, America and Russia, have aroused the wrath and anger of all Arabs and worked up their feelings to a high pitch. They (the Arabs) regard this action on the part of France both as a violation of the Atlantic Charter and of the principles which the United Nations declared were the object of this war and also as a clear challenge to the Nations that guaranteed the independence.

The Committee for the League of Syria and Lebanon desire also to express to Your Excellency that the confidence of the Arabs in the decision of Great Britain to guarantee the admission by France of the independence of Syria and Lebanon was what caused the Arabs and the Moslems in all parts of the world to stand side by side with the Allies in this war with the object of attaining that independence for which they have worked for many years. Had the decision of the British Government to guarantee this independence not been announced, the Arabs would not have had confidence in the admission by France of the independence of Syria and Lebanon and they would have taken a stand other than that which they did. Nor would they have stood with arms crossed when France fell and lost her power. Nor would the Arabs and Moslems of Tunis, Algeria, Morocco and Africa, as well as other parts, have joined France by the hundreds of thousands as soldiers. Of those who fought at the famous Bir Hakim, it may be mentioned, the majority were Arabs and Moslems.

The Committee wish also to express to Your Excellency that the Arabs with their great appreciation of, and gratitude to, His Majesty's Government for what it has done to stop the fighting request Great Britain to save us the efforts of actual interference to ensure the independence of Syria and the Lebanon and the repulse of the vile French aggression upon these two Arab countries in execution of the covenant undertaken by Britain and in support of the Atlantic principles as well as to ensure security in the Middle East. The Committee desire that this protest shall, through Your Excellency be forwarded to His Majesty's Government.

Accept, Your Excellency, our deepest respects

The large gathering of people who met today in Nablus for the defence of Syria and the Lebanon appreciate for the British Government its firm and just attitude towards the violation by France of the independence of the two sister countries, an act which had the best effect on all the Arabs. We trust that this action will mark the commencement of the implementation of the Atlantic Charter as regards Palestine and the other Arab countries, namely Tunes, Algiers, Morocco, and Tripoli, so as to safeguard the rights of these Arab countries to independence. That would add a brilliant record in the magnificent history of Britain.

(Received on 5.6.45.)

His Excellency,
The High Commissioner.

Your Excellency,

I have the honour to inform Your Excellency that the very serious situation which has recently developed in Syria owing to the aggressive attitude of France, and the firing, shelling and bombing of the historical Arab city of Damascus which, to our great regret, resulted in heavy losses in life and property, has aroused the great indignation of the whole Arab people of Palestine and had a painful effect on them.

Your Excellency,

The outrageous acts of aggression which were committed by France in our two sister countries, Syria and the Lebanon, in an attempt to obtain a special position through coercion and intimidation, are incompatible with the independence of Syria and the Lebanon which was recognized by the Allies, particularly Great Britain, and inconsistent with the noble aims of the Allies for which they fought and are still fighting the Axis in order to ensure peace and tranquillity to all peoples of the world.

For these reasons, we shall be grateful if Your Excellency will be kind enough-

(i) To convey to His Majesty's Government, on behalf of the Supreme Moslem Council, a message of our strong protest against the acts of violence and destruction which were committed by France in Syria without the least justification.

(ii) To convey to His Majesty's Government a message of our deep thanks and gratitude for its immediate and resolute stand which resulted in the avoidance of further bloodshed and had the best effect on the Arabs and Moslems.

Kindly accept, Your Excellency, an assurance of our highest esteem and regard.

Council.

حضرة صاحب الفخامة المندوب السامي لحكومة فلسطين المعظم

القدس .

اتشرف بان احيط فخامتكم علما بان الحالة الخطيرة جدا التى تطورت اخيرا في سوريا بسبب عدوان فرنسا واطلاقها النار من البر ومن الجو على مدينة دمشق العربية الخالده مما نشأ عنه مع الاسف الشديد خسائر جمة في الارواح والممتلكات قد احدثت حزنا عميقا ووقعا اليما في نفوس عرب فلسطين عامة .

يا صاحب الفخامه

ان ما قامت به فرنسا من العدوان الصارخ على البلدين الشقيقين سوريا ولبنان ومحاولة الحصول على مركز خاص باساليب العنف والارهاب لا يتفق مع استقلال سوريا ولبنان الذى اعترفت به الحلفاء وفي مقدمتهم بريطانيا العظمى ولا مع اغراض الحلفاء النبيلة التى حاربت ولا تزال تحارب طغيان المحور لاقرار سلامة العالم وطمأنينة جميع الشعوب على السواء .

ولهذه الاسباب نرجو من فخامتكم :-

١ - التفضل بابلاغ حكومة جلالته احتجاج المجلس الاسلامي الاعلى الشديد على اعمال العنف والتدمير الذى قامت به فرنسا في سوريا بدون مبرر ما .

٢ - تقديم خالص الشكر والامتنان لحكومة جلالته لموقفها الحازم السريع منعا لاهراق الدماء البريئة مما كان له اجمل الوقع في نفوس العرب والمسلمين .

وتفضلوا يا صاحب الفخامة بقبول خالص الاحترام .

Telegrams of protest were sent, it is reported, to the District Commissioner Mr. Law, President Truman and the San Francisco Conference.

LYDDA.

The strike was complete in Jaffa, Lydda and Ramleh as from 7 am. Pamphlets had previously been distributed in Jaffa by the Palestine/Workers' Association calling upon Arab labourers to observe the strike.

/Arab

During the morning of the 22nd impromptu meetings and processions were held throughout Jaffa. A number of orators made anti-French speeches and Arab, Syrian and Lebanese flags were very much in evidence. National songs were sung and the people generally appeared to be in a pleasant mood.

A delegation visited the French Consulate and lodged a formal protest against the French Government's action in sending troops to the Lebanon.

At 12 noon a service was held in the Great Mosque, Jaffa attended by approximately 5,000 persons. Sheikh ABDUL KHADER MUZAFFER spoke to the congregation in protest against the French Government's action in the Lebanon and is alleged to have stated that if the Lebanese considered it necessary, they could rely on the Palestinian Arabs and other Arab nations to take up arms on their behalf against the French. At the close of the speech he instructed the congregation to form an orderly procession and proceed to the French Consulate. Lebanese and Syrian flags, and large photographs of Haj Amin Husseini and Shukri Bey Kuwatly were carried in the procession.

/2.

At the French Consulate Sheikh ALI SHAHEEN addressed the crowd on the situation in the Lebanon. Many derogatory remarks against France in general and De Gaulle in particular were reported as heard.

No other demonstrations or processions were reported from other towns in Lydda District.

During the day irresponsible youths in Ramleh stoned a Jewish 'Bus and a taxi.

JERUSALEM.

The strike in Jerusalem passed in an orderly manner with the exception of obe incident which was satisfactorily dealt with by the administration and police.

A procession mainly composed of students but augmented by numbers of passers-by formed a procession which started from the Haram Ash Shareef with the intention of proceeding to the French Consulate. Four banners were carried by the procession. On these were inscribed "Down with Imperialism and the Imperialists", "Down with savage France"; a third with a skull and bones stated "Syria and the Lebanon are the graves of the French"; the fourth had a caricature of De Gaulle raising his hands while a beduin strikes him on the head with a hammer bearing the words "The Arab States League". All banners carried the inscriptions written in English and Arabic. The procession was twice dispersed by the police but re-formed again. At this juncture Superintendent of Police and the District Officer met the procession and suggested it would be better to form a delegation and prepare a written protest to be handed to the French Consul. Three delegates were nominated and the written protest was prepared. The delegates having completed their work returned to the procession and ordered dispersion. The crowd duly dispersed and went away shouting "Down with France ... Long live the League of the Arab States".

No further incidents were reported.

NABLUS.

The strike in Nablus, Jenin and Tulkarm passed off peaceably with the exception of two minor cases of stone-throwing by schoolboys in Jenin and Tulkarm.

GAZA.

All localities in the district observed the strike.

A meeting of local notables is reported to have taken place in the Great Mosque, Gaza where speeches were made by a number of persons and decisions taken to give all possible support to the people of Syria and the Lebanon. Telegrams of sympathy were to be sent to their leaders and to the League.

The only incident reported in the district was a dispute which arose amongst about two hundred workers who were intending to proceed to work at the Rafah Base Camp. After stone-throwing only a few persons reported for work at the camp. Proceedings are being taken against the instigators of the affray.

/3.

NAZARETH.

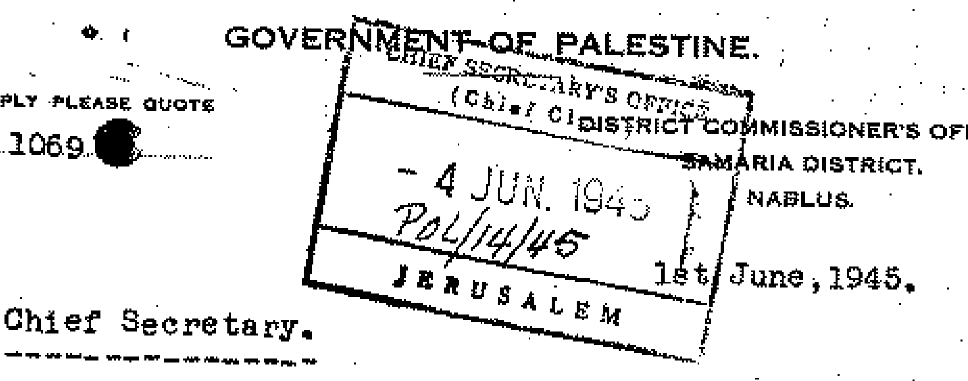

All parts of the district observed the strike.

In Acre a short meeting held at the Jazzar Mosque, attended by notables and many of the local population decided that those present should proceed to the A.D.C. and lodge protests. A procession was formed which, headed by the Mayor of Acre, marched to the Administration Offices shouting anti-French slogans. The delegation voiced their protests through the Mayor, who declared that the people of Acre were very much concerned with the situation in Syria and the Lebanon, pledging utmost support to their neighbours if necessary. A request was made that the A.D.C. should forward their protest to His Excellency the High Commissioner. The Mayor then informed the crowd that in the absence of instructions from Jerusalem they would return to work on the following day. The crowd dispersed peaceably and no further incidents occurred.

I submit herewith a copy of a memorial addressed to His Excellency protesting against the French policy in the Levant State which was handed to the Assistant District Commissioner, Acre, by the Mayor of Acre and a deputation of the town on the 22nd May, the day of the general protest strike.

His Excellency
through A.D.C. Acre.

The Arabs in Acre town and sub-district are on strike to-day as a sign of protest on the open trespass committed by the Provisional French Government on the independence and liberty of the two Arab States, Syria and Lebanon.

It is a great astonishment to us to see this open trespass committed by a Government which was wandering outside its country and tasted the slavery and could not regain its independence except with the assistance of the Allies and we could not think that French Government will commit this horrid trespass on the independence of these two States while the French soil is still wet with the blood of the French citizens who sacrificed their souls to regain the independence of France. Had the French Government not committed such atrocity she may have had time to treat her wounds which were caused by her enemy and be able to regain her lost personality.

The Arab Nation in such a critical hour is looking to Great Britain and Allies who have recognised the independence of Lebanon and Syria with confidence and that all promises be practically fulfilled and to prevent such shameful trespass on the independence of these two States and that French Government be warned that Arabs in Palestine are collaborating with their brotheren in Syria and Lebanon, collaboration of the blood, and will not stop at this protest in case the trespass continues because there are valuable sacrifices and hard tasks we have determined to do for the sake of saving these two Arab States.

The Arab town of Christ is striking today in condemnation of and protest against the unjust French policy which attempts to undermine the independence of Syria and the Lebanon, which has been recognized internationally by the Allies of the Arabs, headed by Great Britain. Any encroachment upon the independence of these two Arab countries or any other Arab country would lead to a general Arab explosion in the Middle East. We trust that His Majesty's Government, the ally of the Arabs, will find a remedy for this abnormal situation by putting an end to this French policy which has as its objective the violation of the principles for which so much blood was shed in this war, and which are sanctified by the Arabs and for which they are prepared to sacrifice their lives. Every Arab in every Arab country is now a faithful soldier to the constitution of the Arab United Nations.

Despatched Gaza, 23.5.45 (10.35). Received (17.00).

Gaza is indignant at the trespass committed by France upon the independence of Syria and the Lebanon. Such act on the part of France is nothing less than an adverse reflection upon the dignity and honour of France itself, especially as the blood of the heroes who lost their lives in the cause of the freedom of the world has not dried yet. France itself was liberated through the sacrifices made by the same gallant soldiers. We trust, Your Excellency, that His Majesty's Government will be the first to put an end to such French encroachments so that the people may be allowed to live in their country, free and independent.

To His Excellency, The High Commissioner.

Despatched Safad, 23.5.45 (10.43). Received (15.40).

The attitude of France in Syria and the Lebanon will not help to promote order in the Middle East. It is an open challenge to the Atlantic Charter and to the recognition by the Great Powers of the independence of these two countries. Safad struck yesterday against such shameful attitude, similarly to the Arabs of all Arab countries who would not keep silent at any attempt which is calculated to diminish the independence of any Arab country. We request that our protest be conveyed to the competent authorities.

We, the merchants and businessmen in Karak, struck today as a protest against the trespass committed by the unjust French Military Authority upon the dignity of our Arab brethren in Syria and the Lebanon, which involved the killing of innocent people and violation of the independence of our sister country which was recognized by Your Excellency's Government and the other democratic Governments of the Allies which had waged the war in the cause of the freedom of the peoples of the world.
